INTERVIEW SUMMARY

Mail Stop Issue Fee
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicant appreciates the courtesy of a telephone interview on August 8, 2007 between Examiner Thomas R. Hannon and the undersigned. The examiner proposed and Applicant agreed to incorporate claim 11 into claim 10 by adding ", said coating comprising longitudinally-varying lead concentration within a copper matrix". It was further agreed that the addition of such structural language mooted Applicant's previously argued need for a broader application of 112(6).

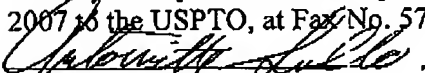

Respectfully submitted,

By
